givejedahand #CAMH CEO Catherine Zahn and #CAMHFOUNDATION #Welcome YOU to the #Future of #MentalHealth - which is #nofuture no future at all for #schizophrenia or me or anyone I know. Thanks in no small to their latest addition to the #Brain #Science #Mafia Dr #Rat #Brain Sean Hill with his #artificialintelligence #supercomputer over at #Krembil #Neuroinformatics - no more #C64's for that #rocketman! Beware of people like #Hitler and #outfits like CAMH that instead of offering to help us to live with #lifesproblems in the #streetsoftoronto with #streetphotography - offer us their #finalsolution! We should know by now what that means. #Heil!
